This application was received at the Board of Patent Appeals and Interferences on May 3, 2005. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below:

Upon review of the Examiner's Answer mailed on October 28, 2004, the indication that an appeal conference has been conducted is defective since Examiner Ovellette has not initialed the Examiner's Answer. According to the Manual of Patent Examining Procedure (MPEP) § 1208 (8th ed., August 2001), when an appeal conference has been held, the appeal conference participants, which includes the examiner charged with preparation of the

Furthermore, in accordance with MPEP 701.08:

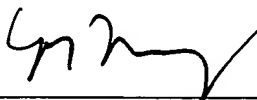

After the action is typed, the examiner who prepared the action reviews it for correctness. The surname or initials of the examiner who prepared the action and the date on which the action was typed should appear below the action. If this examiner does not have the authority to sign the action, he or she should initial above the typed name or initials, and forward the action to the authorized signatory examiner for signing.

Accordingly, it is
